

Detailed Saleyard Report - Cattle  
Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 17/08/2021

Yarding 477  
Change -256

comparison date 10/08/2021

The supply of cattle reduced to 477 head at the Warwick sale. All the regular export processors were present and operating along with the usual wholesale and feeder buyers, plus a large panel of local and interstate restockers. With the current restrictions the interstate operators had local buyers purchase on their behalf. A wide variation in quality and finish saw prices for all classes remain firm, to within a few cents either way of last week.

Yearling steers under 200kg returned to the paddock for a top of 719c to average 652c/kg. Yearling steers in the 200 to 280kg range sold from 600c to 684c to average 634c/kg. Yearling steers to feed for the domestic market averaged 541c and sold to 595c/kg. Heavy yearling steers sold to 552c to average 497c with processors paying 470c/kg. Yearling heifers sold to restockers at 594c to average 553c, and to feeder buyers at 572c to average 520/kg. Yearling heifers to feed for the domestic market averaged 491c and sold to 520c/kg. Heavy weight yearling heifers to feed sold to 430c, with high yielding heifers to the wholesale meat trade selling to 440c/kg.

Medium weight cows to restockers made 329c/kg. Good heavy weight cows to export processors sold to 345c and averaged 339c/kg. Heavy weight bulls made 342c/kg.

Market Reporter, Errol Luck.
